

# Table of Contents

Introduction.....	6	Creating & Managing Views.....	59
What this course is about.....	7	Creating Views.....	60
Installing & Configuring PostgreSQL.....	8	Setting Rules for Views.....	61
Pre-installation Tasks.....	9	Exercises.....	64
Downloading and Installing PostgreSQL.....	11	Creating & Managing Indexes.....	66
Using Configure Arguments.....	14	Understanding Indexes.....	67
Configuring PostgreSQL to Start on Boot.....	19	PostgreSQL Index Types.....	69
Configuring PostgreSQL for Network Access.....	21	Creating Indexes.....	71
Exercises.....	26	Indexes on Expressions.....	73
Configuring Secure Access		Partial Indexes.....	74
Using OpenSSL.....	29	Exercises.....	75
OpenSSL Benefits.....	30	Transactions and Concurrency.....	77
Enabling SSL.....	31	Transactions.....	78
Issuing Certificates.....	32	Transaction Isolation.....	79
Configuring the postmaster For SSL.....	35	Managing Database Privileges.....	82
Exercises.....	37	PostgreSQL Roles.....	83
Using the psql Client.....	39	User Roles.....	85
Connecting to PostgreSQL.....	40	Altering User Roles.....	86
psql Meta-Commands.....	46	Other Role Properties.....	89
Psql Internal Variables.....	53	Role Examples.....	91
Exercises.....	56	Assigning Users to Roles.....	92

Understanding Role Access.....	93	Managing Schemas.....	135
Exercises.....	95	Managing Schema Views.....	137
Access Control with GRANT.....	97	Exercises.....	140
The GRANT and REVOKE Statements.....	98	PostgreSQL Logging.....	142
GRANT Options.....	99	Server Log Files.....	143
Granting Column Level Privileges.....	102	Using CSV-Format Log Output.....	146
Exercises.....	103	Configuring When to Log Messages.....	148
PostgreSQL's Data Organization.....	105	Configuring What to Log.....	153
PostgreSQL Storage.....	106	Changing Settings.....	158
Managing Table Space Usage.....	108	Exercises.....	159
PostgreSQL Table Information.....	110	Backup and Recovery.....	161
PostgreSQL Log Directories.....	112	Backup using pg_dump.....	162
Other Directories.....	113	Using pg_dumpall.....	167
Managing PostgreSQL Clusters.....	116	Restoring Files with pg_restore and psql.....	169
Exercises.....	118	Performing File-Level Backups.....	171
Creating & Managing		Exercises.....	172
PostgreSQL Clusters, Tablespaces & Databases.....	120	Continuous Archiving	
PostgreSQL Tablespaces.....	121	and Point in Time Recovery (PITR).....	174
Using CREATE TABLESPACE.....	122	PostgreSQL Write-Ahead Logs.....	175
Where Objects Go.....	124	Making a Base Backup.....	179
Using CREATE DATABASE.....	126	Recovery Using A Continuous Archive Backup.....	181
Exercises.....	130	Exercises.....	185
PostgreSQL Schemas.....	132	Using the PostgreSQL Query Optimizer.....	187
The Schema.....	133	Analyzing and Optimizing Queries.....	188

Using EXPLAIN to View Execution Plans.....	190	Server Information.....	237
Understanding PostgreSQL's Query Operators.....	193	PostgreSQL Visibility Maps.....	238
The "Seq Scan" operator.....	194	Using The Auto-Vacuum Daemon	
The Index Scan Operator.....	196	.....	239
The Sort Operator.....	197	About Auto-Vacuum.....	240
The Unique Operator.....	199	Exercises.....	245
The Limit Operator.....	200	Improving Network Performance	
The Aggregate Operator.....	201	with PgBouncer.....	246
The Append Operator.....	202	About PgBouncer.....	247
The Result Operator.....	203	Pooling Modes.....	248
The Join Operators.....	204	Downloading & Installing PgBouncer.....	249
The Group and HashAggregate Operators.....	206	Configuring PgBouncer.....	250
The Subquery Scan and Subplan Operators.....	207	Configuration Database Parameters.....	251
The TID Scan Operator.....	208	Configuring PgBouncer General Parameters.....	254
The Materialize Operator.....	210	Setting Logging Parameters.....	257
Setop Operators.....	211	Other Configuration Parameters.....	258
Improving Query Performance.....	212	Creating an Authorization File.....	260
Exercises.....	220	Launching & Managing PgBouncer.....	261
Server Monitoring & Performance Tuning.....	222	Exercises.....	262
Understanding BGWRITER & Shared Buffers.....	223	Full Text Indexing.....	264
Server Configuration Variables.....	226	About Full Text Search.....	265
Query Optimizer Parameters.....	230	About tsearch.....	267
Gathering Performance Statistics.....	234	Setting The Text Search Language.....	269
Disk Performance Tuning.....	236	Tsearch & The SQL Statement.....	271

One Copley Parkway, Suite 210 • Morrisville, NC 27560 • Phone: 919.463.0999 • Fax: 866-229-3386

About Queries.....	274	SSH Key Based Authentication.....	284
Text Search Operators.....	275	Configuring Recovery.conf for Hot Standby.....	286
Text Search Functions.....	276	Starting the Secondary Node.....	289
Indexes.....	278	Configuring Standby Limits.....	290
Ranking.....	279	About the WAL Sender.....	291
Exercises.....	280	Other Hot Standby Notes.....	293
Enabling Hot Standby.....	281	Questions?.....	294
About Hot Standby.....	282	Where to Get Help.....	295
Set up WAL Archiving.....	283	The Payroll Database Structure.....	296
