Introduction.....	4	Adding Geometries to a Layer.....	48
UMN MapServer CGI Mode.....	5	Adding Classes to Layers.....	51
About CGI.....	6	Managing Styles.....	54
MapServer Modes.....	8	Managing Labels.....	56
MapServer Common CGI Parameters.....	11	PHP/MapScript Web Interaction.....	57
Exercises.....	14	Understanding Image Maps.....	58
Loading Maps with PHP/MapScript.....	15	Exercises.....	61
About PHP/MapScript.....	16	Saving User Input.....	62
Creating the MAP Object.....	17	Creating the DBF File.....	65
Generating a Basic Map.....	19	Adding Data to the Shape and DBF Files.....	67
Exercises.....	21	Reading from the Shape and DBF File.....	69
Understanding the Map Object.....	22	Creating a Tile Cache with PHP/MapScript.....	71
Retrieving Map Information (MapObj Members).....	23	Exercises.....	72
Manipulating the Map Object.....	27	Click and Zoom.....	73
Basic Map Object Methods.....	28	Exercises.....	75
Working with Images.....	35	Other Zoom Methods.....	76
Exercises.....	37	Exercises.....	78
Basic Layer Operations.....	38	Performing Queries with PHP/MapScript.....	79
Working with Layers.....	39	MapServer Queries.....	80
Managing Layer Drawing & Order.....	41	Retrieving Query Results.....	82
Retrieving Layer Features.....	43	Populating Templates.....	84
Adding Features with PHP/MapScript.....	45	Other Query Methods.....	85
Adding Layers.....	46	Exercises.....	86

Customizing Ka-Map! With PHP/MapScript.....	87	Customizing the Ka-Map! Interface.....	99
About Ka-Map!.....	88	Configuring Ka-Map! Attribute Queries.....	102
Installing Ka-Map!.....	89	Configuring Ka-Map! Feature Queries.....	105
Understanding Ka-Map! Components.....	90	Exercises.....	106
Configuring Ka-Map!.....	92	Reference Maps & Ka-Map!.....	107
Understanding Tile Generation.....	94	Exercises.....	109
Adding Map Files.....	95	Questions?.....	110
Exercises.....	98	Where to Get Help.....	111
