Table of Contents

MySQL Performance & Tuning....1
MySQL Architecture....5
The Client/Server Model....6
MySQL & The File System....8
MySQL Disk Space Utilization....9
Exercises....14
Understanding MySQL Storage....15
Choosing a Storage Engine....16
Transactional vs. Non-transaction-safe Tables....18
MyISAM Tables....20
InnoDB Tables....21
MERGE Tables....23
Benefits of MERGE Tables....25
Creating a MERGE Table....27
MEMORY Tables....29
General MySQL Limits....30
Exercises....31
Optimizing Queries....32
Index Types....33
The FULLTEXT Index....38
FULLTEXT Index Notes....39
FULLTEXT Boolean Searches....41
FULLTEXT Query Expansion....43
FULLTEXT Engine Characteristics....44
Exercises....46
Index Usage....47
Analyzing Queries....49
Using EXPLAIN to Analyze Queries....51
Optimizing Queries....54
Optimizing Updates....56
Using Summary Tables....57
Exercises....58
Retrieving Table Status Information....59
Understanding MyISAM Tables....63
MyISAM Storage Engine Features....64
MyISAM Table Locking....68
Relocating MyISAM Tables....71
Exercises....72
Understanding InnoDB Tables....74
InnoDB Table Characteristics....75
The InnoDB Tablespace....77
InnoDB Transaction Support....79

Transaction Isolation....81
InnoDB Locking....84
InnoDB Optimizations....85
Adaptive Hash Index....86
Committing Transactions....87
Using SAVEPOINTS in Transactions....88
Exercises....89
Managing InnoDB Tablespaces....90
Understanding InnoDB Structure....91
Understanding Data Storage....93
Configuring the Tablespace....94
Configuring InnoDB Buffers and Logs....97
Multiple InnoDB Tablespaces....100
Using Raw Devices for InnoDB Tablespace....102
InnoDB Engine Status....104
InnoDB Table Restrictions....105
Exercises....107
Table Backup & Maintenance....108
Using mysqlcheck and myisamchk....109
Using mysqlcheck....111
Using myisamchk....112
Options for mysqlcheck and myisamchk....114
Using mysqldump....117
Exercises....124
MyISAM File Backups....125
Using the Binary Log....127
Managing Binary Logs....129
Other Backup Methods....131
Exercises....132
Using Advanced MySQL Server Features....133
Server Information....134
Measuring Server Load....135
Server Error Messages....136
Performance Tuning....137
Query Cache Notes....145
Common Performance Problems....146
Indexing Issues....147
SQL Code Tuning....149
Schema Tuning....151
Server Parameter Tuning....153
Configuring MySQL Replication....154
Multiple Servers and Replication....155
Configuring MySQL 5.0 Replication....160
Circular Replication....162
Querying Replication Status....164
Changing Replication Types....168
Exercises....171
Implementing MySQL Load Balancing....172

MySQL Load Balancing....173
MySQL Load Balancing Architecture....175
MySQL Proxy....176
Installing MySQL Proxy....177
Starting the MySQL Load Balancer....179
Querying Proxy Server Status....181
Proxy Issues/Downfalls....182
Exercises....183
Benchmarking & Load Performance Testing....185
MySQL Load Emulator 186
Arguments for mysqlslap....188
Notes About mysqlslap....194
Exercises....195
Leveraging innotop....196
Installing & Using Innotop....197
Exercises....198
Using MySQLreport....199
Exercises....200
Understanding MySQL Cluster (NDB)....201
MySQL Network Database (NDB) Architecture....202
Questions?....205
How to Get Help....206
