| | | | |
|--|----|--|----|
| Introduction..... | 5 | Including Code in Scripts..... | 48 |
| What this Course is About..... | 6 | Variable Scope in PHP..... | 49 |
| Introduction to PHP..... | 7 | PHP and the WWW Server..... | 51 |
| PHP's Role in the WWW..... | 8 | Working with Web Forms..... | 52 |
| Why Use PHP?..... | 10 | PHP POST & GET Form Elements..... | 55 |
| Language Fundamentals..... | 12 | Embedding Forms with PHP Code..... | 56 |
| PHP Basics..... | 13 | Segmenting Code for PHP Forms..... | 59 |
| PHP Data Types..... | 15 | Validating Form Data..... | 60 |
| Storing & Retrieving Information in Variables..... | 18 | Preventing Spoofed Submissions..... | 64 |
| Basic Operations with Variables..... | 20 | Guidelines for Secure PHP..... | 65 |
| Variables Rules..... | 23 | Understanding Magic Quotes..... | 67 |
| Decision Making in PHP..... | 24 | Setting Default Values in Forms..... | 69 |
| Comparison Operators..... | 25 | Processing Uploaded Files..... | 70 |
| The if Construct..... | 28 | Retrieving Upload Information..... | 71 |
| The while Constructs..... | 30 | Storing Uploaded Files..... | 73 |
| The for Construct..... | 31 | Working with Relational Databases..... | 74 |
| Arrays and PHP..... | 32 | A Brief History of Databases..... | 75 |
| Working with Arrays..... | 33 | Relational Databases..... | 76 |
| Sorting Arrays..... | 36 | Database Tables..... | 78 |
| Other Array Related Functions..... | 38 | Using the CREATE TABLE statement..... | 79 |
| Multi-Dimensional Arrays..... | 40 | MySQL Data Types..... | 85 |
| Re-using PHP Code..... | 41 | Understanding MySQL Data Types..... | 86 |
| Functions..... | 42 | Integer Data Types..... | 87 |
| Declaring Functions..... | 44 | Floating Point Data Types..... | 89 |
| Passing Data By Reference..... | 46 | String Column Types..... | 91 |
