Table of Contents

Introduction....5
What this course is about....6
Installing & Configuring PostgreSQL....7
Pre-installation Tasks....8
Downloading & Installing PostgreSQL Packages....10
Managing PostgreSQL Configurations....14
Downloading and Installing PostgreSQL from Source....16
Using Configure Arguments....19
Configuring PostgreSQL to Start on Boot....24
Configuring PostgreSQL for Network Access....26
Exercises....31
Configuring Secure Access Using OpenSSL....34
OpenSSL Benefits....35
Enabling SSL....36
Issuing Certificates....37
Configuring the postmaster For SSL....40
Exercises....42
Using the psql Client....44
Connecting to PostgreSQL....45
psql Meta-Commands....51
Psql Internal Variables....59
Exercises....62
Creating & Managing Views....65
Creating Views....66
Setting Rules for Views....68
Exercises....71
Creating & Managing Indexes....73
Understanding Indexes....74
PostgreSQL Index Types....76
Creating Indexes....78
Indexes on Expressions....80
Partial Indexes....81
Exercises....82
Transactions and Concurrency....84
Transactions....85
Transaction Isolation....86
Managing Database Privileges....89
PostgreSQL Roles....90
User Roles....92
Altering User Roles....93
Other Role Properties....96
Role Examples....98
Assigning Users to Roles....99
Understanding Role Access....100

Exercises....102
Access Control with GRANT....104
The GRANT and REVOKE Statements....105
GRANT Options....106
Granting Column Level Privileges....109
Default Privileges....110
Global Grants on a Schema....112
Exercises....113
PostgreSQL's Data Organization....115
PostgreSQL Storage....116
Managing Table Space Usage....119
PostgreSQL Table Information....121
PostgreSQL Log Directories....123
Other Directories....124
Managing PostgreSQL Clusters....128
Exercises....130
Creating & Managing PostgreSQL Clusters, Tablespaces & Databases....132
PostgreSQL Tablespaces....133
Using CREATE TABLESPACE....134
Where Objects Go....136
Using CREATE DATABASE....138
Exercises....142
PostgreSQL Schemas....144
The Schema....145
Managing Schemas....147
Managing Schema Views....149
Exercises....152
PostgreSQL Logging....154
Server Log Files....155
Using CSV-Format Log Output....158
Configuring When to Log Messages....160
Configuring What to Log....165
Changing Settings....170
Exercises....172
Backup and Recovery....174
Backup using pg_dump....175
Using pg_dumpall....180
Restoring Files with pg_restore and psql....182
Performing File-Level Backups....184
Using pg_basebackup....185
Exercises....188
Upgrading PostgreSQL....190
Upgrade Methods....191
Using the pg_upgrade Module....193
Continuous Archiving and Point in Time Recovery (PITR)....196
PostgreSQL Write-Ahead Logs....197
Making a Base Backup....201
Recovery Using A Continuous Archive Backup....203
Exercises....207

Server Monitoring & Performance Tuning....209
Understanding BGWRITER & Shared Buffers....210
Server Configuration Variables....213
Query Optimizer Parameters....216
Gathering Performance Statistics....220
Disk Performance Tuning....222
Server Information....223
PostgreSQL Visibility Maps....225
Using The Auto-Vacuum Daemon....226
About Auto-Vacuum....227
Exercises....232
Improving Network Performance with PgBouncer....233
About PgBouncer....234
Pooling Modes....235
Downloading & Installing PgBouncer....236
Configuring PgBouncer....237
Configuration Database Parameters....238
Configuring PgBouncer General Parameters....241
Setting Logging Parameters....244
Other Configuration Parameters....245
Creating an Authorization File....247
Launching & Managing PgBouncer....248
Exercises....249
Enabling Hot Standby (Replication)....251
About Hot Standby....252
Configuring Recovery.conf for Hot Standby....253
Allowing Connections from Standby Nodes....255
Enabling Hot Standby Mode on the Secondary....256
Starting the Secondary Node....257
Configuring Standby Limits....258
Enabling Synchronous Replication....259
Replication Tuning Settings....261
About the WAL Sender....265
Other Hot Standby Notes....267
Monitoring Replication....268
Questions?....269
Where to Get Help....270
The Payroll Database Structure....271
